

This shop does not stock Israeli goods

**No products from Israel or Israeli
settlements are sold here.**

Why Boycott apartheid Israel?

- Because Israel is illegally occupying Palestinian land.
- Because Israel has laid siege to Gaza for more than two years depriving Palestinians of essential food and medical care.
- Because in January 2009 Israel killed over 1400 Palestinians in the Gaza Strip.
- Because Israel is building illegal settlements, the Apartheid Wall and Israeli-only roads throughout the West Bank and East Jerusalem
- Because Israel is selling goods grown on settlements — which are on stolen Palestinian land.
- Because Israel is a racist state and operates an entrenched apartheid system.
- Because Israel has violated international law and UN resolutions for decades.

A boycott of Israeli goods allows us to support the people of Palestine by non-violent action and shows the people of Israel that we will not be complicit in their government's policies against the Palestinian people.
